SKILLS SUMMARY

- Languages:** JavaScript (ES6+), TypeScript, Python, PHP, C++, Java, C
 - Dsa:** Arrays, Strings, Linked Lists, Trees, Graphs, Sorting & Searching, Dynamic Programming — applied for algorithmic features and backend efficiency.
 - Frameworks & Libraries:** React.js, Next.js, Redux, Zustand, Framer Motion, GSAP, Bootstrap, Tailwind CSS
 - Practices:** Component-driven architecture, SSR/SSG, accessibility (a11y), responsive / mobile-first design, animation
 - Databases:** PostgreSQL, MongoDB, Firebase, Prisma ORM, Supabase.
 - Backend & APIs:** Node.js, Express.js, Supabase, Firebase Functions, RESTful API design, authentication (OAuth, JWT), webhooks, payment gateway integrations (Razor pay), Caching, input validation, rate limiting, logging & observability
 - Developer Tools:** Git, Docker, GitHub Actions, VS Code, Vercel, Postman, AWS
 - Soft Skills:** Adaptability, Organized, Time Management, Courteous

WORK EXPERIENCE

- Full-Stack Developer / SaaS Engineer / Frontend Developer — Freelancer**
Jan '24 – Present
- Delivered end-to-end web applications and SaaS products using React, Next.js, Node/Express, Supabase, and PostgreSQL, handling full development lifecycle from feature planning to deployment.
 - Built automated CI/CD pipelines (GitHub Actions → Vercel/Docker) to improve deployment reliability and **reduce manual release time**.
 - Implemented secure authentication systems including OAuth (Google/GitHub), JWT, and **role-based access control** for scalable multi-user platforms.
 - Integrated Razorpay payments with **PCI-compliant checkout and order flows**, ensuring secure and seamless transactions.

PROJECTS

- Karo Startup — Unified Startup Ecosystem Platform |Live link**
Nov'25 – Nov'25
- Developed an all-in-one platform (**Next.js frontend, react admin, Supabase backend, Zustand state**) allowing startups to submit listings, freelancers to join, post jobs, request investments and publish blogs; included admin panel with **role-based management and Razor pay** for paid plans.
 - Features delivered: **startup discovery, partner profiles, submit/startup flow, investment hub, jobs board and CMS for news** — result: streamlined onboarding and improved discoverability for early-stage founders
 - Tech Stack-** React js, Supabase, Zustand, Typescript.Javascript, Razorpay.
- HireSense AI — AI Interview & Job Intelligence Platform |Live Link**
Aug'25 – Sept'25
- Built an AI-powered hiring simulation platform where users upload resumes to generate company-specific interviews based on job descriptions; implemented AI interview question generation, answer evaluation with scoring, ideal responses and performance analytics. Developed coding round simulator with real-time evaluation and smart job feed recommending roles based on resume skills with selection probability scoring
 - Outcome: improved interview readiness through personalized practice, actionable feedback reports and selection prediction insights; enabled users to identify skill gaps and optimize preparation strategy.**
 - Tech Stack-** React js, Supabase, Zustand, Typescript.Javascript,Razorpay,Framer Motion

- AI Resume Analyzer & Other SaaS |Github |portfolio**
Apr'24 – Present
- Built an AI-driven resume analyzer (one of 3 SaaS products) used by 100+ users — features include parsing, scoring, and tailored improvement suggestions; implemented with Node backend and React frontend, integrated analytics and user dashboards.
 - Other projects: 20+ production websites and appsEstablished **automated CI/CD pipelines** with **GitHub workflows**, reducing deployment time by **60%**

CERTIFICATES

- Oracle SQL Database Infrastructure 2025 – Data Science Professional | Oracle**
Aug'25

ACHIEVEMENTS

- Built 3 SaaS products** from concept → production, including an **AI Resume Analyzer** with **100+ active users**.
- Built and launched Karo Startup** — an integrated platform **connecting startups, freelancers, investors and jobs** (platform features: Submit Startup, Get Featured, Job Board, Investment Hub).

EDUCATION

- Lovely Professional University**
Punjab, India
- Bachelor of Technology in Computer Science — **CGPA: 6.5**
Nov'23 – Present
- Archana Children's Academy**
Rajasthan, India
- Senior Secondary School - Science — **Percentage: 83%**
Aug'21 – May'22
- Sand Dunes Convent School**
Rajasthan, India
- Secondary School — **Percentage: 84.45%**
Aug'19 – May'20
